Science Court CD Series Correlation to Science IDEAS Processes that Shape the Earth Unit

Each elementary school in the Palm Beach District was given 2 copies of all 12 Science Court CD Series products from the Instructional Technology department in the spring of 2002. If you do not know where this resource is in your school, ask your Technology Coordinator or Media Specialist.

The Science Court Explorations series was not purchased for schools in Palm Beach, but can be purchased from Tom Snyder.

If your school does not own these resources, you may purchase them from Tom Snyder Productions at www.tomsnyder.com . The Explorations series come with the manipulatives needed for the hands-on experiments. You may (and should) purchase the manipulatives for the CD Series separately.

- Tab 4: Weathering and Erosion
 - Science Court CD Series Soil
- Tab 6: Interpreting the Earth's History
 - Science Court CD Series Fossils
